The Revolutionary Pail

Providing Your Business With the Storage Resources They Need

What the Packaging and Pail Industry has been waiting for . . . The world's first press-on, easy to open and resealing plastic cover. It has been strength tested, is durable and features an easy-to-open tear band. It is two covers in one.

Cover Innovations

First ever consumer-friendly cover creates a resealable perpetual package.

Tear band features large loops offering easy-open cover designed for reuse.

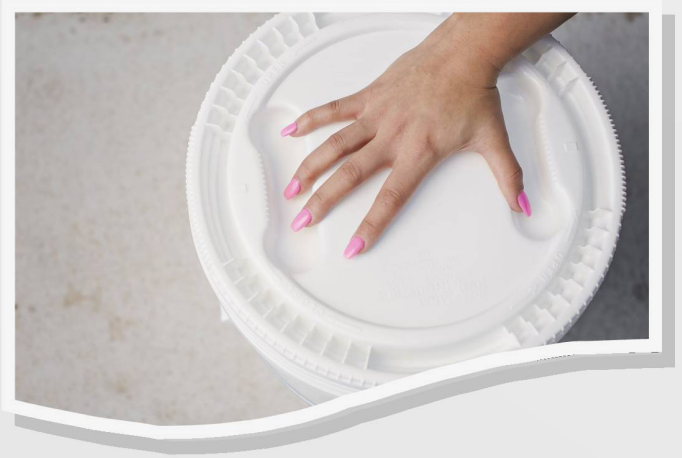

1/4 turn threaded mechanism.

TRULY REVOLUTIONARY

EASY TO OPEN

RESEALING PLASTIC COVER

Raised the Bar on Storage

The Standard Pail Just Changed . . . FOREVER
